## **North Valley Bank announces construction on Pataskala Business Banking Center**

North Valley Bank has begun construction at 66 East Broad Street on its new Business Banking Center located in Pataskala. This office will be the tenth location for North Valley Bank, headquartered in South Zanesville, and this particular location will serve the bank's growing commercial and business clientele.

The Pataskala location was secured based on its proximity to the bank's major service areas while opening a gateway to widen its commercial base. Rob Linnabary, a veteran commercial lender with over 30 years' experience in central Ohio, joined the North Valley Bank team in January 2022 as a Senior Vice President and Commercial Lender with a goal of expanding the bank's commercial lending portfolio.

Brendan Underwood, Vice President and Commercial Relationship Manager, has served as project coordinator for the new business banking center. "Even prior to the Intel announcement, we knew that with Pataskala's projected growth, establishing a presence here made sense after nearly a year of due diligence," said Underwood. "It's obvious now that growth will far exceed original estimates with the changes coming to Licking County. In addition, our recently awarded Preferred Lender Designation with the US Small Business Administration (SBA), reflecting our proficiency and experience in lending to small businesses, positions us to deliver our brand of responsive, local and relationship driven financial services. North Valley Bank is excited to open in Pataskala and connect with the community."

The new location is scheduled to open in late summer 2022, and Project Architecture LTD. is serving as the architect with The Paul Construction Company, Inc. providing construction services.

North Valley Bank was chartered in 1904 as The Bank of Corning. In 2000, a second office was opened at 2775 Maysville Pike, Zanesville, and that office became the Main Office for the Bank. The Bank also has a presence in North Zanesville, downtown Zanesville, Buckeye Lake, New Holland, Malta, Mt. Sterling, and downtown Columbus. North Valley Bank is wholly owned by North Valley Bancshares, Inc., a registered bank holding company also headquartered at 2775 Maysville Pike in Zanesville. North Valley Bank offers a complete line of loan and deposit products. North Valley Investment Professionals offers Securities and Advisory Services through Investment Professionals, Inc., a member of FINRA & SIPC. North Valley Bank is a member of the Federal Reserve, a member of FDIC, and an Equal Housing Lender. Learn more at [www.nvboh.bank](http://www.nvboh.bank).
